

Enrichment

All students at Rosedale College have the opportunity to access a range of enrichment activities, designed to support their personal growth and development.

Jack Petchey Speak Out Challenge

Jack Petchey's "Speak Out" Challenge is a programme managed and delivered by Speakers Trust, the UK's leading public speaking organisation and is supported and funded by the Jack Petchey Foundation. Our aim is to amplify young people's voices by building confidence, developing skills and creating platforms for young people to share their stories and ideas to empower not only themselves but each other. In this way, we champion effective communication to use in education, employability and social change.

Go Karting

Every year The Rosedale Hewens Academy Trust participates in the British Schools Karting Championships. The Trust Team is represented by students who study Engineering in KS4 and Post 16. Students on their Engineering courses study how to drive the karts safely and maintain them effectively. The best drivers are then selected for the racing event which takes place at Team Sport West London Go Karting in Acton. We have consistently done very well, and have made the regional finals on two occasions!

Student Council

The College has an established Student Council, called The Student Voice, on which each form group is represented. Democratic elections are held to select class representatives for the Student Voice and by extension to select the executive body. The executive body meets with the Principal each half term and is invited to participate in the LAB (governor) meetings.

Supporting Charities and the Community

The College participates in charity events geared towards the development of active citizens and support for vulnerable groups, for example MacMillan Coffee Morning, and also through supporting local community groups such as our students performing carols at a vulnerable care home. The College supports the community further by allowing use of its facilities for vulnerable adult learning groups.

Important Commemorative Events

The College celebrates Black History Month in order to acknowledge the struggles and injustices faced by BAME communities and how they rose up and overcame prejudice through willpower and determination.

The College celebrates 'European Day of Languages' as a whole college, encouraging students to research and discover differences and similarities between us and our European neighbours.

Each January, in collaboration with the Holocaust Memorial Day Trust, the College organises a commemorative event to bring together Holocaust survivors and our students.
