

24th June 2021

Dear Parent, Guardian or Carer,

Re: Alliance Challenge

I am writing to inform you about details pertaining to our annual Alliance Challenge programme; this exciting and stimulating event will commence on Monday 12th July, culminating on Friday 16th July.

The Alliance Challenge programme is designed to develop students' skills in a number of disciplines. This year students will work together in Alliance teams on a range of daily and extended projects; activities, which require them to problem solve; creative production and activities, which will enhance their literacy and numeracy. In addition, we will be incorporating an extensive sporting program in an attempt to promote healthy living and mental well-being. We are looking forward to seeing students applying their problem solving skills, sporting stamina and creativity to compete in a variety of challenges.

During the Alliance Challenge programme the College will have a staggered finish from 3:15pm; we request students to be sent to College in only their full College PE Kit on the days specified to them. There will be no extracurricular clubs during these two weeks.

I would like to take this opportunity to wish your child an exciting and pleasurable learning experience throughout the Alliance Challenge programme and thank you for your continued support.

Yours faithfully,

Hina Kapadia
Principal
