

GCSE RESULTS 2021

STUDENTS CELEBRATE OUTSTANDING GCSE RESULTS

Early morning on Thursday 12th August, staff joined a large majority of Year 11 students to celebrate the release of their GCSE results. Emotions were high because students were keen to fulfil their aspirations, which in turn would allow them to move on to the next steps in their academic journey, or pursue alternative pathways. Students have worked incredibly hard in these unprecedented times to ensure their futures were not compromised because of a global pandemic; their might and determination was second to none.

Students at Rosedale College are continuing to improve in both their attainment and achievement. The College is continuing to perform on an upward trajectory, which is a true testament to the highly motivated and committed staff we have. Our successes are visible in both academic and vocational subjects, which is indicative of our holistic approach to education.

Some of our exceptional successes are shown in the table below:

EXCEPTIONAL SUCCESS GRADES			
STUDENT	GRADE 9	GRADE 8	GRADE 7
Mohamad Ahmed Fardin	7	2	1
Rahul Dhoopnarain	6	3	1
Navraj Flora	5	3	1
Gia Vaghela	6	1	3

We endeavour to continue enriching their thirst for learning when they join us at Post 16. I wish all students the best with all their future endeavours. I am convinced my students will continue to excel in the path they have chosen to pursue.
