

## The UKMT Intermediate Mathematical Challenge

Rosedale College were delighted to enter ninety Key Stage 3 students in the Junior UKMT (United Kingdom Mathematics Trust) Intermediate Mathematical Challenge.

The Intermediate Mathematical Challenge was a sixty-minute, multiple-choice competition that took place remotely during lockdown. The challenge encourages mathematical reasoning, precision of thought, and fluency in using basic mathematical techniques to solve interesting problems.

The time has come and the results are finally in, where high scorers are awarded with gold, silver and bronze certificates. Rosedale College are thrilled to announce that six students achieved gold certificates, six students received silver certificates and twenty students acquired a bronze certificate. Well done to you all! We are so proud of all students who sat the challenge and tried their best, which for the first time in our history had to be done remotely. An incredible well done to Shanu Kumar and Geetaz Sandhu, who were awarded with 'The Best in School' gold certificates. All certificates will be presented to our students as soon as we are able to safely run the next achievement assembly. A great achievement for Rosedale College!

## A New Way of Working

There are thousands of different types of cells found in millions of different species of life on Earth. These range from tiny bacteria that live on us and around us, to cells in birds that can fly over the Big Ben. Cells can be put into two groups; prokaryotic cells which are found in prokaryotic organisms such as bacteria, and eukaryotic cells which are found in eukaryotic organisms such as plants and animals. Upon their return to college, students in Year 10 have been developing their understanding of cells in Biology. Students regularly engage in practical lessons in which they have

had the opportunity to use subject specific equipment to investigate the world around them. Year 10 students were given the opportunity to use the light microscope to view plant (onion) cells. This picture shows a student viewing onion cells under the highest magnification lens whilst following government guidelines during lesson.

## College Day Timings

Please be aware that the College day timings have changed until further notice. Students will not be allowed on site until their allocated time slot. Please see below the new start and end time and entrance/exit gate for your child(ren);

Year Group and Entrance/Exit	Start Time	End Time
Year 7 - Parkside Entrance	8:45am	3:40pm
Year 8 - Main Gate	8:40am	3:40pm
Year 9 - Entrance 1	8:45am	3:50pm
Year 10 - Main Gate	8:50am	3:50pm
Year 11 - Entrance 1	8:50am	4:00pm
Year 12 - Parkside Entrance	9:30am	4:00pm
Year 13 - Parkside Entrance	8:55am	4:00pm

## Parking and Traffic Outside The College

The necessity for staggered starts at the beginning of the day, along with the two other schools that share the road, means that we have to be extra vigilant about traffic and safety outside the College. Please can we reiterate that no cars are to be parked on the double yellow lines, up on the pavement or on the 'keep clear' areas. Cars should also avoid turning in the road, as this is leading to congestion in both directions. We appreciate that many students are not using public transport at this time, and would ask those who must come by car and are unable to walk, to be dropped off at the designated time with no waiting. Residents of Wood End Green Road have complained to the council, and we do anticipate that Traffic Enforcement Officers may be deployed.

## Non-invasive Thermal Cameras

The College has taken a collaborative approach to ensure the safety and wellbeing of all our students during these unprecedented times. In conjunction with the measures already implemented around the site to mitigate and manage the risk of COVID-19 transmission, the College has also installed a non-invasive thermal camera to check the temperatures of students as they enter the site. We will continue to keep our plans for a safer college up to date and will review the changes made around the site regularly.

## Absence Reporting

In the event of your child being unable to attend college, please contact the main reception on 020 8573 2097 before 8:45am. In order for the College to ensure that all students are properly safeguarded, it is important for you to follow this procedure for every day your child is absent. The only exception to this is for extended periods of illness where the period of absence is explained in a note from your child's doctor or hospital. The College is required to account for all absences so please ensure your child brings a letter that verifies the reasons for their absence on their return to college.

## College Uniform

The College uniform plays a valuable role in supporting positive behaviour for learning and contributes to the ethos of the College. It is designed to instil a sense of pride, identity and belonging. All students are required to wear full college uniform when attending college for normal lessons, representing their college, or when participating in a college event outside normal college hours and on educational trips and visits.

## Virtual Open Evening

In lieu of the current situation, we will be hosting a virtual Open Evening this year, streamed as a live event to all our prospective Year 7 students. We will be hosting a variety of interactive activities via the College website to give students and their parents, guardians and carers the opportunity to discover first-hand what is on offer at Rosedale College. The College offers dynamic teaching, an engaging curriculum and a variety of academic and vocational further education options. Families will be given the opportunity to enjoy a virtual tour of the College and gain an in depth and valuable insight into the College's curriculum. As it is not possible to replicate the rounded experience that this occasion usually provides to our visitors, we are working on creating a virtual experience that is just as stimulating; the confirmed date will be advised shortly. We also encourage you to explore our website, read our prospectus, and follow our social media channels for an insight into life at Rosedale College.
