

Summer Term in Technology and Information Technology

It did not take long after returning to actual lessons, for our Year 7 students to get back to their previous habits of applying an excellent attitude and participating fully in their Technology and Information and Communications Technology (ICT) lessons. Students in ICT have been working on producing and interrogating databases and have now started programming using "Scratch". The level of work they are producing has been absolutely excellent and they deserve to be commended for their efforts.

Students have been as enthusiastic as ever in their Food Technology classes. Their culinary skills have been absolutely amazing and the range of healthy foods they have produced has been astonishing for students of their age! Food Technology is very popular with all students and they have really excelled themselves in their attitude and positivity, which shows in the quality of the work they produce.

The students have also been working extremely well in their Technology classes, where they have been working on night lights and pen holders. They enjoy practical technology work and have been generating some amazing designs which they have then produced using a range of tools to a very good standard. We certainly have potential future Engineers in Key Stage 3 (KS3) who could do very well if they choose this as a career path!

The Alliance continues to strive to ensure students enjoy their education and learn as many relevant skills as possible across all the subjects which will stand them in good stead for their future careers and lives. We are pleased to be able to say that they have been amazing in all their classes and are making very good progress. Well done Year 7!

Half Term

Please note that from Monday 31st May to Friday 4th June, the College will be closed for the Half Term holiday. If your child has been invited to attend any booster lessons during this week, the details will be communicated to you in a separate letter.

College will finish for all students at the normal time on Friday 28th May and will recommence at 8:45am on Monday 7th June.

Update on Face Masks

The government has decided that the wearing of masks will be compulsory for students when in communal areas but we are eager to ensure the health and safety of all staff and students at all times, thus we have decided that until the end of this term, Friday 28th May, we will all continue to wear masks in lessons too. Therefore, every student should come to college wearing a mask, which is to be worn at all times except outside at break and lunch. This does not apply in situations where wearing a face covering would impact on the ability to take part in exercise or strenuous activity, for example in Physical Education (PE) lessons. There are also exemptions for those who rely on visual signals for communication, or communicate with or provide support to such individuals. We strongly suggest that parents, guardians and carers continue to supply their children with at least three masks to carry with them at all times, in case of loss. Thank you for your understanding.

Term Dates

The 2021 to 2022 term dates are detailed on our website and can be accessed via (<http://www.rosedalecollege.uk/89/term-dates>). Please check these dates as they will be particularly helpful to parents, guardians or carers planning family holidays and activities.

MAY TO JUNE 2021

MAY	
Friday 28th	Term Ends
Monday 31st	Half Term
JUNE	
Tuesday 1st to Friday 4th	Half Term
Monday 7th	Term Resumes

Mobile Telephones

Whilst the College accepts that some parents, guardians and carers wish their child to carry a mobile telephone for reasons of personal safety as they travel to and from college, they must remain switched off and kept out of sight during the College day. It is the policy of the College for all Key Stage 3 students to hand their mobile telephones to their form tutors at the beginning of each day. The telephones are then securely stored until the end of the day when they are returned to the students. Please note that the College will not accept liability for the safe keeping of a mobile phone, it will remain the responsibility of the student at all times. Use of a mobile phone during college hours will lead to sanctions being imposed, up to and including confiscation.
