

## Into Space

Rosedale College Year 11 separate Science group students took an awe-inspiring journey through space and discovered the home of Space Science on Friday 10th December at the National Space Centre. Students found out all about the history and future of space exploration, the planets and the farthest reaches of the universe.

This educational visit helped to cover the specification point on Space Physics, which also includes, the solar system, stability of orbital motions, satellites and red shift.

Students discovered that within our solar system, there is one star, the sun, plus the eight planets and the dwarf planets that orbit around the sun. Students took part in a workshop which demonstrated that our solar system is a small part of the milky way galaxy. They were also given the opportunity to perform a reconnoitre of the centre and learnt that the sun was formed from a cloud of dust and gas pulled together by gravitational attraction.

Part of the day's activity included a lecture theatre where our students watched the life cycle of a star. They also acknowledged that gravity provides the force that allows planets and satellites to maintain their circular orbits.

With six interactive galleries on show, our students moved on to view the iconic 42 metre high rocket tower.

Finally, they explored space with astronomers and unravelled the mysteries of the cosmos. The comfort of another Science lesson on a VIP style recliner sofa.

The trip was an out of this world experience for all our students, who fully enjoyed every second!

## Year 9 and 10 Nasal Flu Vaccination - Mop Up Session

On Monday 17th January, the NHS Immunisation Team will carry out the Nasal Flu Vaccinations mop up session on our Year 9 and 10 students that missed this previously. The vaccinations will only take place for students who have returned their approved consent forms. If you have any questions or concerns, please do not hesitate to contact the College reception. Thank you.

## Attendance

We would like to remind parents, guardians and carers that research shows there is a clear link between the attendance rate of students and their level of attainment. Please support your child to attend regularly by ensuring that any medical or other appointments are organised out of college hours. The expectation of the governing body is that all students will achieve a minimum annual attendance rate of 96%. The only circumstances in which absence from college will be authorised are when your child is too ill to attend or permission for leave of absence, due to exceptional circumstances, has been received from the Principal.

## Punctuality

We would like to remind parents, guardians and carers of the importance of all students having a positive start to their day by arriving at college on time. All students are expected to be in college for morning registration at 8:50am. If you receive a communication from the College that your child has been late on more than one occasion, please discuss this with them and support them so that they arrive at college on time. Students who are persistently late will be referred to the Educational Welfare Officer.

## College Drop Off and Collection

Please can we remind parents, guardians and carers not to block the pavements outside or opposite the College as on occasions, our students and other pedestrians have had to walk on the road as a consequence, which is very dangerous. We appreciate that these are exceptional times in terms of managing access to the schools, however please can we request all parents, guardians and carers to be mindful of others when dropping and collecting children. Thank you.
