

Big Bang Trip

On Thursday 19th June 2025, our Year 8 students had an exciting day out to The Big Bang Fair held at the NEC Birmingham. The event, known for its vibrant celebration of science, technology, engineering and mathematics (STEM), provided an inspiring and fun experience for all who attended.

Students eagerly explored a wide range of interactive exhibits, live demonstrations and hands-on workshops. From robotics to chemistry experiments, the fair sparked curiosity and enthusiasm among the young learners.

Students were fully engaged throughout the day, asking questions, trying new activities, and showing great enthusiasm. Many described the visit as a highlight of the college year.

The Big Bang Fair at NEC Birmingham continues to be a key event encouraging young people to consider careers in STEM fields, making learning fun and accessible outside the classroom. Overall, it was a day well spent and we look forward to next year.

Men's Mental Health Week

Men's mental health is often something that is deemed to have a negative stigma around it. Men are often embarrassed to talk about their mental health, with countless statistics raising some alarming insights into men and their understanding of mental health, and how to get the help they need.

on Friday 13th June 2025 Rosedale College aimed to give students a platform to address this through running workshops delivered by Mr Hobday and Mr Spencer, for our Year 9 and Year 10 male students. The aims of the workshops were to raise awareness of mental health, encouraging our students to begin to start conversations about it, and to gain an understanding of some of the organisations that exist to address it, so that, together we can understand and move past the stigma that surrounds it.

The phrase "man up" is something men have heard all too often in their lives. It is commonly defined as "being brave or tough enough to deal with a difficult or unpleasant situation." However, we believe this mindset needed to be challenged. It's unfair to expect our students to face tough situations without the proper understanding and support, in order to truly discover their potential.

Mind is just one of a number of charities that supports Men's Mental Health week, and offers a range of different resources and support for Men and their mental health. It can be accessed on their website at www.mind.org.uk.

If any student finds themselves needing help or support, we encourage them to reach out and speak to a trusted member of staff at Rosedale College, or use Mind's extensive resources and support networks.

Vaccination UK
working on behalf of NHS England

We are the School Aged Immunisation Team at VACCINATION UK, a friendly team of Nurses who are responsible for giving any vaccines that are due at school or for school aged children aged 5-18. We are based at Stockley Park, Uxbridge and travel to all schools across the borough to administer these vaccines.

This Newsletter is about the HPV vaccinations that are due in school after Easter onwards for all Year 8 children. Please do check out the links provided for more information!

Why should my child have the HPV Vaccine?

- It is a single dose of Gardasil 9 that is offered to pupils in Year 8 to prevent HPV infection.
- It protects against two high risk HPV types that cause cancers, including cancer of the cervix, head and neck, penile and rectal cancers.
- To give the best protection, the vaccine should be given between ages 12-13 when the immune system is strong.
- The vaccine prevents up to 90% of cervical cancer cases.

For more information on the HPV vaccine, see our FAQs, click [here](#) or visit our website: www.schoolvaccination.uk/hpv-vaccine

Having the Vaccine at School

- Consent forms will be sent electronically via your child's school.
- The form needs to be returned by the date given to you by your school whether it is Yes or No. Young people under the age of 16 can give or refuse consent themselves if considered competent to do so by nursing staff.
- The vaccine program normally runs from April until July.

MYTH BUSTING

RECYCLE, RE-USE - COLLEGE UNIFORM

In order to tackle the rapidly growing global environmental challenges for a sustainable future, we aim to normalise the reusing of pre-loved college uniform in order to reduce our carbon footprint.

This is a great opportunity for our college to embed environmental awareness within our school community, strengthen our green credentials and extend the lifespan of our uniforms whilst supporting a recycling culture.

Should you have any unwanted items of uniform in wearable condition, please donate these to your child's college to support our campaign for green initiatives whilst helping our families in need of support.
