

Year 8 Heathrow STEM Generation Workshop

On Tuesday 12th February, our Year 8 students took part in the Heathrow STEM Generation Workshop, an exciting event designed to develop employability skills and raise awareness of future career opportunities.

Students explored the wide range of roles available at Heathrow Airport and discussed the key skills needed to succeed in the workplace. They then applied their learning in a hands-on challenge, programming a robotic vehicle to follow a set route and complete specific tasks.

Working in teams, students took on roles such as Project Manager, Project Designer and Programmer. This required collaboration, problem-solving and clear communication to ensure their final product was effective and met the challenge criteria. The activity built on their prior coding experience using Scratch and provided a valuable opportunity to develop their technical and teamwork skills.

Our students represented the college exceptionally well, demonstrating enthusiasm, focus and resilience throughout the workshop. It was a rewarding and inspiring experience, leaving students feeling motivated and more informed about careers in STEM and robotics.

Gangs, Grooming and Exploitation Workshop

Free Online Workshop - Gangs, Grooming and Exploitation - Wednesday 4th March 2026

Join local officers and partner services for an important online information evening for parents and carers on Gangs, Grooming and Exploitation, taking place on Wednesday 4th March 2026 from 7.00pm to 9.00pm, where you can learn how to spot the early signs of child criminal exploitation and grooming and find out what support is available; the event is held online, and you can register by scanning the QR code on the flyer or by visiting:
